RESPONSE TO NOTICE OF ALLOWABILITY

Sir:

Applicant has reviewed the prosecution history of the above identified patent application, and we have identified that Applicant cited JP-U-2-57646 in an Information Disclosure Statement mailed March 8, 2004. On April 22, 2004, the Examiner indicated on page 2 of his Office Action that JP-U-2-57646 failed to comply with 37 CFR 1.98(a)(3) because the Examiner did not feel that a concise explanation of the relevance of this document was included.

In addition to JP-U-2-57646, an English translation of a February 3, 2004 Japanese Office Action in the corresponding Japanese application was provided to the

Examiner in the Information Disclosure Statement mailed March 8, 2004. In the translation of the Japanese Office Action, an explanation for the reasons for rejection using JP-U-2-57646 was provided. Applicant believes that this translation meets the requirements for the concise explanation and that Applicant is entitled to consideration of the JP-U-2-57646 reference.

Thus, Applicant respectfully requests the Examiner to consider this reference based on the English translation of the Japanese Office Action and provide Applicant with an indication that it has been considered.

CONCLUSION

If the Examiner believes that personal communication will expedite prosecution of this application, the Examiner is invited to telephone the undersigned at (248) 641-1600.

Respectfully submitted,

Dated: February 28, 2005
